

INverurie Events

To whom it may concern:

Inverurie & District Men's Shed

Inverurie Events would like to lend their support IDMS in their efforts to gain a Community Asset Transfer for the former Live Life Aberdeenshire building in Harlaw Way, Inverurie.

The Inverurie Events committee have had a good relationship with IDMS over the years and working with them has been a pleasure.

They are a very community-minded organisation and are very communicative with other local organisations.

We have found them to be both professional and effective in the work that they have done for us. I think IDMS would be a good fit for the extra space that they are looking to gain as they provide a very worthwhile service to the local community.

Best Regards

Derek G. Ritchie
