Dear Archie,

Following discussion at the meeting of Inverurie Community Council last night, I am writing to confirm our unanimous support for the Community Asset Transfer application being submitted by Inverurie and District Men's Shed to acquire the whole of unit 19 under the Community Empowerment (Scotland) Act 2015. Inverurie Community Council recognises that the Men's Shed is a valuable organisation that contributes greatly to the health and well-being of those who attend.

We wish you every success in your application and look forward to hearing the outcome in due course.

Yours sincerely

[REDACTED]
