

SCOTTISH MEN'S SHEDS ASSOCIATION

Inspiring and Supporting Shedders Across Scotland

24 May 2024

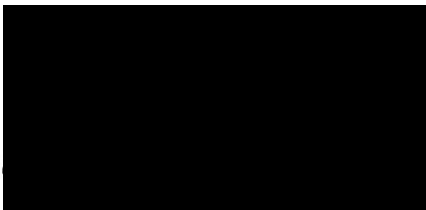

Dear Inverurie Shed members

As one of the first Sheds in Aberdeenshire over the past decade I have watched your progress and your engagement with your local community. Success after success due to your passion and diligence has created an environment for many to improve their health and quality of life.

I am more than happy to support your present request in your proposal to take over Unit 19 now it has become available. As your membership has grown over the years and the present premises although you have made the best of what was available at the time definitely requires larger premises so a wider cross-section of your community can be catered for with their diverse interests and a more stable structure as recently seen with your roof damage.

Please do not hesitate to pass on my details to the relevant parties to secure this timely and thriving development opportunity.

Yours sincerely,

Jason Schroeder
SMSA Chief Executive Officer
