I am fully in support of this asset transfer. Catalyst is doing a brilliant job in meeting the needs in our communities through their programs for kids and youth work, as well as work in supporting people with lifestyle issues. A blessing to the area

Catalyst provides emotional, social and spiritual support to members of Ellon and wider community. Their vision to provide community access groups addition to their existing Open Doors group will be a great benefit to the community.

The Ythan Centre has been used for many community activities over the years, my daughter use to run dance classes there. I hope that this asset transfer will rejuvenate this building and breath a new community spirit into area. A great initiative by all!

Having a fixed base for what at present is a "set up and pack away" church would greatly enhance the many outreach and community activities that at present are spread around different local venues, to a centralised point known by all who use them.

Ythan Centre will allow the church to better meet the needs of disabled people in the community and beyond, like me. Open doors and church needing to move around means I sometimes miss out on practical, social and emotional support.

Catalyst Vineyard will do so much good with a permanent location in the community - their impact is already felt and appreciated and can be so much greater if they have their own space to use permanently

I believe this would provide an important benefit to the community in Ellon and beyond

From being part of this church site for over 10 years it would be

12/08/2025 03:28 PM

beneficial to have a permanent place to allow us to better help people within our community. We run community things through the week that would benefit from having a space dedicated to thi

A busy, community-centred occupation of the historic Ythan Centre will increase footfall in the town centre and support surrounding businesses.

Catalyst have been a part of the community in Ellon for over 10 years and having a base in the centre of town will allow them to help more people and be more visible in our local community.

I support this asset transfer as the church are very welcoming of all in the community. Having a space of their own will mean that they can offer more support in many ways to the local community.wn

Catalyst Vineyard Church have such a heart for the community that I think this building will be put to excellent use and will be of much benefit. They serve the poor, the lonely, children, families and will open rooms for rent too. Win win!

Screen Name Redacted

It serves the community through Open Doors, the Easter Egg Hunt, Mainly Music and youth groups. They have responsible leadership, inclusive values, and capacity to manage the asset effectively as in Mearns. The project provides community spaces for rent.

. We have been a part of many community events. One of our main ones is the weekly Open Doors event. Many come for company ,friendship and food gifts.we could do so much more if we had our own place.

Screen Name Redacted

Having a building and a base for Catalyst Vineyard Church would allow us to reach/support so many more areas of the community. It would allow us to run our weekly church services as well as other weekly community groups and pop up events for families.

I would like to support the project for the following reason, it is in the central place and will help touch more live as the church is involved in open doors which offers food stuff and emotional support to people in the community

Screen Name Redacted

12/22/2025 10:39 AM

Catalyst already provided various community services including the very popular Open Doors Cafe & foodbanks. Having a permanent location means even more community activities.

Screen Name Redacted

I think this would be an ideal use of the building. It has previously been used as a church and Catalyst Vineyard do so much for the local community.

Screen Name Redacted

12/22/2025 01:19 PM

I think this is a great use of a building currently lying empty and falling into disrepair. The church will offer a warm and welcoming space for anyone who needs it and the support the church offer is incredible.

Screen Name Redacted

Will make use of an unused building, and prevent it from going into disrepair

I'm part of the catalyst vineyard church In Ellon and the church is such a brilliant family and do a lot for the community of Ellon. It would be so amazing to have a building to call our own.

Ellon Catalyst Vineyard really supports the local community and brings a brightness to Ellon with free events such as Easter Egg Hunts and Nativity Trails. Their Open Doors initiative also helps those in need with food, water and conversation.

The church has been a great help to my family when needed. It provides many community activities during the week which would work so much more effectively in a permanent home. From kids groups to food bank and community help. Great to see building used to

object to the Ythan Centre asset transfer. Catalyst Vineyard Church (formerly City Church) is financially strong, employs paid staff, runs commercial ventures, fundraises heavily, and expands nationally. Asset transfer is not justified.

The council should be looking to get the best price possible for buildings. The church can fundraiser to purchase. Would the community hub be faith centred thereby excluding a large portion of the community?

Screen Name Redacted

We make a difference to the community and need a central place to meet. This allows our doors to be truly open to those who need to be there. With having a base we can continue with our projects by reaching out to all.

I run the Open Doors service for Catalysyt in Rowlands community room. Having a building with more space would allow us to support more people experiencing loneliness & food poverty, privacy to discuss confidential issues & signpost them appropriately.

I have 2 teenage girls who need a safe, warm environment to explore their faith and engage with their peers. The Ythan Centre will provide a fixed space for Catalyst Vineyard Church Ellon to continue to do this. It will provide a permanent meeting place.

Screen Name Redacted

1/14/2026 07:23 PM

It would be good for the community of Ellon and the surrounding areas .

Screen Name Redacted

1/14/2026 08:46 PM

This church is a modern, vibrant, and welcoming place that plays an active and positive role locally. Through its children's clubs, youth groups, and wider community activities, it provides a safe, encouraging environment where young people can thrive.

There are more than enough provision of religious buildings in such a small town. The building should either be asset transfer to a registered SCIO with a purpose that benefits the whole community not just the religious.

Catalyst church Ellon have always had a heart for the community to bring hope and joy in to people's lives. In order to do this they need to hire premises. Having their own building will enable them to run more activities for the good of the community.

Screen Name Redacted

1/18/2026 07:28 PM

This church community provides support for individuals and families. Needs - whether for food, health or benefit help are all provided from our temporary buildings. Having one central location would allow more to be done for more people.

Screen Name Redacted

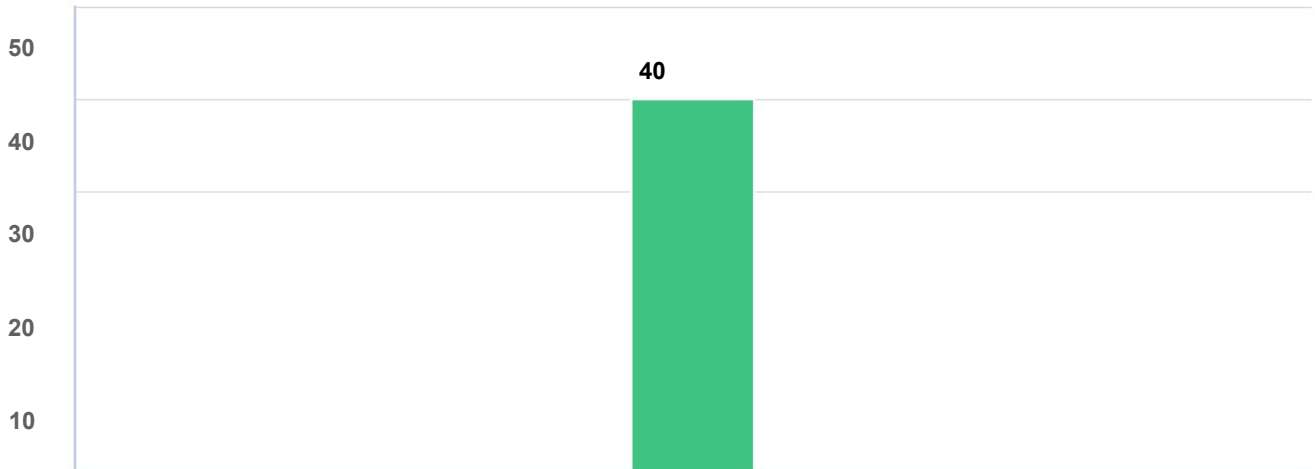

1/18/2026 10:45 PM

The people attending Catalyst Ellon provide support for individuals and families meeting a wide range of needs. Open Doors provides food and a safe place to meet, enjoy a hot drink and build relationships. Having a home would allow for more local support.
